Subject: Submission to the Draft Joint Management Plan for the Dja Dja Wurrung Parks

18/06/2018

We are forwarding this submission as recreational prospectors and bushwalkers

We adhere to all the rules and regulations surrounding our ventures into the bush. We have enjoyed many years of wandering, firstly with our young family where we taught them the joy of the natural landscape, the wildflowers, trees, wildlife, birds and fresh air and bush smells.

As we have aged we still enjoy the outdoor areas in the Parks and probably have a greater understanding of the importance of maintaining access to these areas for the use of user groups

We respect the Traditional Owners of the Land but respectfully request that the Parks continue to be accessible for the enjoyment of others and to not close them off
